NEW \$200,000 MARKET TO BE STARTED SOON

"Anything and Everything Market" will be the name of the new merchandising place to be opened in the near future by Burbank Bros. in the building on Macdonald between Tenth and Thirteenth. The property improvements to be made will represent an investment of about \$200,000, and will provide a general market that will not be excelled anywhere in the bay section, and will be in a very central location. The new market will have a floor space at the beginning of 11,000 feet, and as the city grows the space can be increased to 30,000 square feet by erecting an addition to the building. The property has a frontage on Macdonald avenue of 100 feet and a depth of 112 feet. There (Continued on Page Eight)

CARAVAN IS WELCOMED

A blast of color and a host of horns yesterday afternoon marked the visit here of the Spring Redwood International Caravan, when a long stream of motorcars, consisting of machines carrying the delegates and representatives of Richmond service and civic clubs and city officials proceeded up Macdonald avenue.

The caravan was met at the Contra Costa county line by a large number of Richmond cars, and the caravan was guided through the principal streets of the city.

From here the delegation proceeded to Sacramento for the first official stop where a banquet was held last night with Governor C. Young as guest of honor. Today the Redwood motorists will continue through Marysville, Orville, Corning, Red Bluff and Redding, where they will spend the night.

The caravan will be met at the Oregon State line by a group of 50 cars headed by Governor Patterson.

Other cities to be visited are: Ashland, Medford, Marshfield, Roseburg, Cottage Grove, Eugene, Corvallis, Albany, Salem, Portland, Keisler, Ocala, Olympia, Tacoma, Seattle, Everett, Bellingham, New Westminster and Vancouver, B. C.

Appointments Are Made By Scouts

Boy Scout Troop No. 10, held a regular meeting in Grant school last night with Scoutmaster Clarence Andrews presiding, assisted by Patrol Leader Robert Humphrey in the absence of Senior Patrol Leader R. Van Marter.

Donald Blount was elected captain of the swimming team. At a meeting of Beaver Patrol, Francis Lamsman was elected assistant patrol leader.

The following passed tests: Eugene Eddy, first test; Jack Dorney, first, first and second class, use of knife and hatchet, first building, 50 yard swim, first class, 15 mile hike and first class cooking.

DRIVERS FURNISH BAIL

Charged with speeding 52 miles an hour, David J. Stollery, Jr., of Stanford, yesterday posted bail of \$25 when he appeared before Judge Alstrom.

Floyd Baab, Berkeley, posted bail of \$10 on a charge of speeding 50 miles an hour.

The cases are set for May 1.

Death Wins Race

A RACE WITH DEATH by Colonel Lindbergh failed yesterday, when Floyd Bennett, (left above) succumbed in a Quebec hospital, after a short illness which came while he and Bernt Balchen (right) were flying to aid the isolated Bremen fliers. Lindy rushed anti-pneumonia serum which was administered to Bennett in hopes of saving his life.

BROKEN HEARTS PRICE OF WILD OATS, SAYS SPEAKER

"When we combine education and character building in our boys and girls we shall never have to worry about their future," declared Rev. L. Cross, pastor of the Northbrae Community church of Berkeley, who was the speaker of the evening at the Public School Week celebration held last night in Roosevelt junior high school auditorium.

A program was presented with Aubrey Wilson as chairman of the evening. The auditorium was filled with members of service clubs and civic and fraternal organizations, parents and pupils.

BIG INCREASE IN GAS STOCK

SACRAMENTO, April 25.—Increase in capitalization from \$160,000,000 to \$400,000,000 was announced today by the Pacific Gas and Electric company in a notice filed with Secretary of State Frank C. Jordan.

The notice, submitted by President A. F. Hockenbeamer and Secretary D. H. Foote, of the power corporation, gave the new capital stock as 16,000,000 shares at \$25 each, the total equally divided into preferred and common shares.

One Injured When Machines Collide

A. L. Workman, 1428 East Third street, Oakland, sustained slight cuts on his left hand and his car was badly damaged in a collision with a car driven by Bert Curry, 332 Eleventh street Richmond, last night. The accident occurred at the corner of San Pablo and Macdonald avenues.

MARTINEZ MAN SPEEDS DYING CHILD TO AID

Cheating death on a wild ride to save the life of his 16-month-old baby, Frank Cabral employed by the Shell Oil Co. at Martinez yesterday sped through Richmond on his way to the Golden Gate ferry slip where he boarded a boat and rushed the child to a San Francisco hospital for an emergency operation which resulted in saving its life.

Two days ago the babe swallowed a nickel which he had picked up off the floor. The coin lodged in her throat and Martinez physicians were powerless to render aid, suggesting that the child be immediately taken to a specialist. Before starting his wild ride against death, Cabral telephoned officers of Richmond and other county points, as well as Alameda county, and San Francisco police, that he was about to shatter every speed record and violate every traffic law in his effort to save the babe's life. He was told to go ahead and fracture whatever laws were necessary to save the life of his child.

Guided by a motorcycle policeman, Cabral made his perilous ride without accident. At the foot of Hyde street a San Francisco officer was waiting to escort him to the hospital. The coin was removed from the child's throat by Dr. A. J. Bacher, and the babe is on the road to recovery.

Final Touches Are Placed On High School

With the acceptance of contracts on the new \$650,000 high school building within a week everything will be in readiness for the installation of seats, desks and other equipment, according to announcement yesterday by Walter Helms, superintendent of schools.

At a meeting early this week the school board accepted the contract of Carl Overa, and the heating contract of the J. A. Nelson company. A few days more are required for the completion of the electrical and plumbing contracts, when they will be presented to the school board for acceptance.

When the imposing new structure is thrown open for usage in August it will have a capacity of 1800, and is so constructed that a simple expansion program will make room for 2400, according to Helms.

Work has already commenced on laying out the grounds surrounding the school. Equipment will be installed as the various items arrive.

Republicans To Endorse Hoover At Meet Today

Members of the Republican County Central committee will meet at 10 o'clock in the supervisors' chambers at Martinez this morning, when Herbert Hoover, Republican candidate for the presidency, will be endorsed. Other important matters also will be discussed, according to A. A. Alstrom, secretary, who urges a large attendance at the session.

TO RETURN HOME

Mrs. Helen B. Morgan will return to her home in Arrowhead Junction, near Needles, after a visit here with her mother, Mrs. A. Bird, 1811 Nevins avenue. Mrs. Morgan underwent serious operation at the Stanford hospital, San Francisco. She is associated with her brother in operating a service station and business at Arrowhead Junction.

C. of C. Policy Attacked By Local Dentist

Editor, RECORD-HERALD: It is a pleasure to see that you stand unequivocally for the best interests of Richmond. I wish to commend the RECORD-HERALD for the position it has taken in relation to the employment by the Richmond Chamber of Commerce of people whose interests are centered in other cities. RICHMOND SHOULD BE FIRST WITH EVERY RESIDENT OF THIS CITY.

As a member of the Chamber of Commerce I wish to enter my protest against chamber of commerce work being taken to OAKLAND when we have men in business here, just as capable of performing the service.

NO EMPLOYE, NOR OFFICER OF THE RICHMOND CHAMBER OF COMMERCE SHOULD BE PERMITTED TO EXPLOIT IT AT THE EXPENSE OF THE TAXPAYERS OF THE CITY. A civic organization of this kind cannot afford to lose caste with the general public.

Dr. L. A. REWITT, Dentist,
2320 Macdonald Avenue

Ceremony Is Planned For Wharf Work

Under the slogan "Ten Months After" Richmond will celebrate ground-breaking ceremonies for the great combined wharf and cargo building to be built on the inner harbor and to be known as the Parr-Richmond Inner Harbor Terminal on June 23.

The event will take place exactly ten months from the day the \$690,000 harbor bond issue was voted on, August 23 last.

The Parr-Richmond Inner Harbor Terminal will be built jointly by the City of Richmond and the Parr-Richmond Terminal corporation at a cost of approximately \$500,000.

Contracts will be awarded for this work at the city council meeting next Monday night, April 30. Preliminary work will start early in June but the ground breaking ceremonies will be staged on Saturday, June 23.

Arrangements for the event have been placed in the hands of a joint committee, comprising J. H. Hartnett, chairman of the harbor committee of the city council; Fred D. Parr, representing the Parr-Richmond Terminal Corporation and E. B. Bull.

Coroner's Jury Returns Verdict Against Neckel

The coroner's jury in Berkeley returned a verdict of manslaughter against Ray Neckel, 22 an oil salesman, 761 Ninth street, Richmond, for the death of Louis Williams, 23, son of J. W. Williams, 201 Nevins avenue, Richmond. Deputy Coroner Frank Berg conducted the inquiry.

Williams was struck while standing in a safety zone at San Pablo avenue and the county line early Sunday morning and carried fifty feet on the bumper of Neckel's car. He died soon after reaching the Humboldt hospital, Albany. A warrant charging manslaughter was sworn to and Neckel was released on bail.

Services were held for Lewis Williams yesterday morning, with interment in St. Joseph's cemetery after high mass at St. Mark's church. Many young people of Richmond, friends of the deceased, attended the services. Arrangements were handled by Bert Curry's chapel.

Mrs. Albee, 1101 of 421 Twentieth street, has returned from Radona beach where she has been visiting with her daughter Mrs. H. E. Pettillon.

FLIERS HELD TO ISLAND BY THAWING LAKE

LAKE ST. AGNES, Quebec, April 25.—Continued unfavorable weather conditions along the St. Lawrence river and the gulf gave rise tonight to the belief that the trans-Atlantic fliers who have been held two weeks at Greenley Island might have to abandon their attempt to fly the German monoplane Bremen to New York and come in the Ford rescue plane instead.

Captain Herman Koehl, Major James Fitzmaurice and Baron von Huenefeld, who flew the plane from Dublin to Greenley Island, have been stubbornly determined to make the trip but fate and the weather have been against them. The snow-covered ice on the lake which serves as a winter landing field here, has begun to melt and heavy rains have turned it to slush. A plane with ski equipment attempted to take off here today but was unable to rise. Reports from the Canadian Signal service are that similar conditions prevail at Greenley Island.

Retrial Looms In Damage Suit

Retrial loomed of three automobile damage suits seeking verdicts of \$50,000 against S. S. Ripley, Richmond businessman, following failure of a Superior court jury in Judge H. V. Alvarado's department to reach an agreement. The jury was discharged after deliberating for six hours, at the end of which, it is said, it stood eight to four against granting damages.

The actions consolidated for trial, were instituted by W. F. Brundage of Oakland, his wife, Bessie and daughter, Bernice, against Ripley for injuries they sustained in a collision in Yolo county in November, 1927. The Brundages claimed that the accident resulted from Ripley's negligent driving. Ripley contended he was operating his car in a prudent manner.

Mrs. Brundage had asked \$2,000 for back injuries, the daughter sought \$15,000 and Brundage asked \$5000 for personal injuries and \$5000 for loss of his wife's services because of her injuries.

Matteri Trial Begins Today

Charged with failure to render assistance after an accident, Chas. Matteri, 2354 Downer avenue, Richmond, will be arraigned at a preliminary hearing before Police Judge Odell at 10 o'clock this morning. Deputy District Attorney Jacobs will conduct the prosecution, while a San Francisco attorney will appear as counsel for the defendant.

Witnesses will be introduced to testify that Matteri's car struck three-year-old Marjorie Keyes, 812 Seventh street, while Matteri is expected to enter a denial.

Troop 3 Plans Dance Program

The regular meeting of the Boy Scouts of Troop 3, was held Tuesday evening. Plans were made for their entertainment and dance that is to be given this evening at East Shore park. Different demonstrations and scout games were practiced at the meeting. L. Rasmussen, the scoutmaster, requests that all of the scouts of troop 3 be at Eighth and Macdonald seven o'clock this evening.

RECOVERING

Miss Rose Conrad, daughter of Ira Conrad, city fireman, is recovering from an appendicitis operation at the Cottage hospital. Dr. H. L. Carpenter was in attendance.

\$50.00 Reward

Editor, RECORD-HERALD:

I wish to resent the statement that has been made by the OAKLAND-2-DAY-A-WEEK-\$200-A-MONTH representative of the Richmond Chamber of Commerce, to the effect that Richmond photographers cannot do the photographic work that is needed by the local organization.

IT IS ALMOST UNBELIEVABLE THAT A MAN IS EMPLOYED BY A RICHMOND CIVIC ORGANIZATION, WHOSE WHOLE INTERESTS SEEM TO BE CENTERED IN A NEIGHBORING CITY, AND APPARENTLY WHOSE AIM IS TO SEE THAT AS MUCH OF RICHMOND'S MONEY AS POSSIBLE GOES TO OAKLAND.

TO SHOW THE PUBLIC THAT I AM CAPABLE OF DOING JUST AS GOOD WORK AS IS DONE IN OTHER CITIES, I WILL PAY THE RICHMOND CHAMBER OF COMMERCE FIFTY (\$50.00) DOLLARS IF IT WILL BRING ME ANY JOB OF PHOTOGRAPHIC WORK, EITHER COMMERCIAL OR PORTRAIT, THAT THEY HAVE HAD DONE IN OAKLAND, IF I CANNOT DO THE WORK JUST AS GOOD.

They don't know what we are able to do; they don't know how well we are equipped; they have not given us a fair trial.

THEY ARE SUPPOSED TO "PREACH" RICHMOND, BUT THEY ARE NOT PRACTICING IT IN THIS CASE.

Mr. O. J. Smith, 627 Spruce street, Oakland, demonstrator in posing and lighting for the Eastman Professional School of Photography a few years ago, and now film and plate demonstrator for the western states, brings members of his own family to my studio to photograph them. No longer than day before yesterday he brought in some of his friends to have their photos taken.

HE COMES TO ME BECAUSE HE LIKES MY EQUIPMENT AND KNOWS THAT I TURN OUT FIRST CLASS WORK.

Civic organizations should be interested in keeping business at home, and should not be placed in a position, through the acts of any of their employees where they could be charged with acting in bad faith with the people of their home city, where the money to maintain it has to be raised.

CELEBRATION TO MARK START OF NEW S. P. FERRY SERVICE

With the announcement that the Southern Pacific will inaugurate a half-hour ferry service over the Richmond-San Francisco ferry, beginning Saturday, May 5, simultaneously with the operation of a bus line from Tenth and Macdonald to the ferry, plans for a celebration in honor of the event are under way.

The matter was presented to the directors of the Richmond Chamber of Commerce yesterday by Fred D. Parr, chairman of the publicity committee and tentative plans outlined for the celebration.

In a letter to City Manager James A. McVittie, the Southern Pacific company officially announced the new time-saving ferry schedule and the bus service from Tenth and Macdonald connecting with the ferry schedule.

The company said that it had made arrangements with the Key System Transit company for the use of its buses and had been granted a temporary permit from the city to be given a trial. The inauguration of a more comprehensive motor bus service by the Southern Pacific still awaits the completion of a survey now being conducted by the railroad company in East Richmond.

Date Is Fixed For Trial Of Youths

William Nichols and Frank Hickley, arrested in Martinez two weeks ago by Speed Officer Robert Dukes when he found them in an automobile stolen in Richmond, were arraigned Tuesday afternoon before Superior Judge H. V. Alvarado, who fixed April 30 as the time for them to plead to felony complaints. The machine was stolen in Richmond an hour before Dukes halted Nichols for speeding. Under questioning, authorities claim, Nichols admitted the theft of the automobile.

COUNTY TAXED BY DEMAND FOR LOCAL JURISTS

Demand of Los Angeles county for outside judges to clear up congested calendars there is raising havoc with the conduct of courts in Northern California counties.

Contra Costa has been feeling the effects too, possibly more than any other bay district county, being called upon frequently to hear cases from other counties, whose judges also are being sent to Los Angeles.

Tuesday afternoon Judge H. V. Alvarado was asked to preside in Solano county in place of Superior Judge O'Donnell, who disqualifies himself in an injunction suit against the city council of Vallejo. Because of trial of a jury case here and other cases scheduled for trial Judge Alvarado could not accommodate the Solano request.

Unavailing efforts were made to secure judges from other counties to go to the Solano county seat.

Recently, when Judge Alvarado was engaged in a trial in Martinez and a naturalization examination was scheduled, efforts were made to secure a judge from seven bay district counties but it was unavailing.

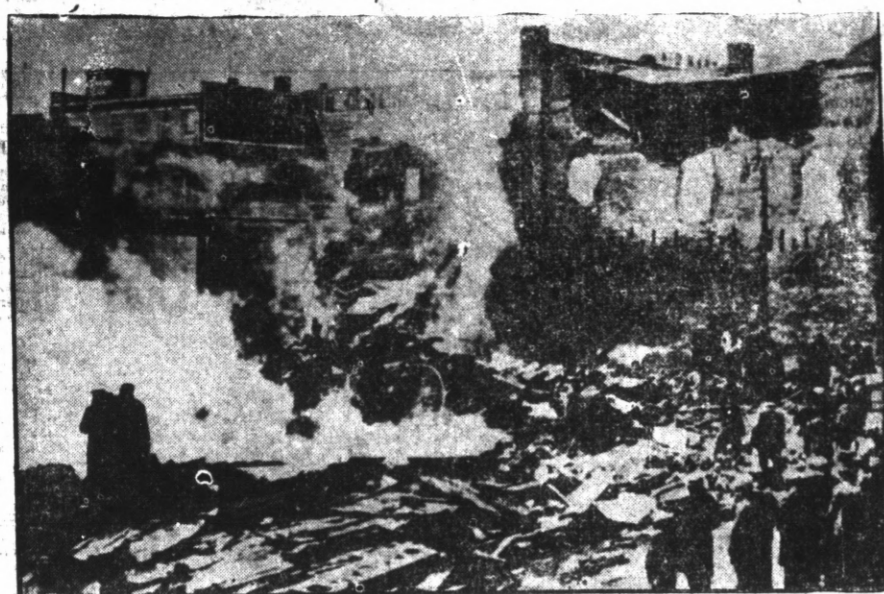

"Contra Costa county business is becoming too extensive for one judge to handle," Judge Alvarado said today. "I believe that the Contra Costa judges have been more than courteous in aiding other counties but these assignments to other sections are working adversely to Contra Costa interests."

Judge Alvarado has already spent a month of this year in Los Angeles county and in the fall will return there for another month. Judge McKenzie also has another month to preside in Los Angeles courts later in the year.

If you place weak girders in building your character, the roof of your life will topple upon you; if you construct your foundations faultily, the walls will collapse."

"Our minds are sensitive plates with the eyes as lenses and the senses, shutters. What we say, do or think is imprinted upon us." He interspersed his address with humorous anecdotes for which he is famous as a platform speaker, and with the more serious side of life, telling of those who had fallen beside the wayside because of some flaws in their characters.

CONVENTION OF WOMEN'S CLUB OPENS

Woman's effort toward international co-operation was the theme of the 27th annual Alameda district convention, which convened yesterday at the Adelphi clubhouse in Alameda, with delegates in attendance from all the clubs in the various counties represented in the district.

This theme which was chosen in acknowledgment of the service of Mrs. Henry Francis Grady, district chairman, for her work in connection with the department of international relations, was carried out in the program, the reports and the addresses of the principal speakers.

Among the local women attending the convention was delegates from the four Richmond federated clubs were: Mrs. S. S. Ripley, district parliamentarian and state treasurer. Mrs. C. F. DeShade, Mrs. C. A. Holland, Mrs. Raymond Clark, department chairman of the district; Mrs. A. R. Bristol, Mrs. F. C. Shallenberger, Mrs. C. O. Bryant, Mrs. J. A. McVittie, Mrs. James A. Stuart, Miss Bernice Mills and Mrs. Francis Kent.

Mrs. William Lauchland of Los Angeles, district president, called the convention to order, and following the invocation by Rev. Robert E. Cooper and singing led by Mrs. Elmer G. Smith, district chairman of music, the address of welcome was made by Mrs. John E. Goody, president of the Adelphi club, and the response made by Mrs. J. H. Knowles, vice president of the district. Mrs. Knowles said: "We meet in convention, but do we seriously consider that we are here to listen to others, thus getting to tell of our work and accomplishments and go back to our clubs and our club work full of inspiration to carry on the principals and high ideals for which the federation stands. Let us become better acquainted with our federation."

The reports of the convention committees followed, and it was shown by the credentials report that five hundred women were in attendance. District officers, county presidents and standing committees were all heard from during the morning session which concluded with songs by Mrs. J. H. Merrill, state chairman of music, accompanied by Alice Gray Padel. Mrs. Merrill's songs were "I Heard You Go By" by Wood and "The Little Old Garden" by Hewitt.

The rainbow luncheon served at noon at the Hotel Alameda was a beautiful and colorful affair, with the past district presidents as honored guests and Ruth Comfort Mitchell, author, and "Ninon" newspaper woman, as speakers.

At this time, Mrs. Lauchland presented the following past district presidents: Mrs. Annie Little Barry, Mrs. Fisher R. Clark, Mrs. Katherine Smith, George Allen Riggs, Mrs. Elton Warner, Mrs. Otto J. Mouron, Mrs. W. A. Fitzgerald, of Stockton, and Mrs. Aaron Schloss of Berkeley, both past state presidents and Mrs. W. W. Green, present head of the state federation, were introduced.

"Ninon" spoke on fashions, and smartness, and explained the difference between being smart and being fashionable. Ruth Comfort Mitchell took as her topic "King's X" and stated that women have come to the place where they can now say King's X to many of the small things that have overwhelmed them. She said: "As long as we maintain the romance of war it will be hard to get a different viewpoint in the mind of the public for the traditional romance of it is one of the reasons that wars are continued."

MORE MORE MORE !!!
The afternoon session included community singing led by Mrs. James Stuart of Richmond, county chairman of music, and two songs of Harriet Ware's "Boat Song" and "Joy of the Morning." She was accompanied by Miss Bernice Mills.

Mrs. Lauchland in her annual report said: "As our club year draws to a close and we are about to crystallize our plans and hopes, we realize there has been a steadily increasing appreciation of the opportunities for service, and a steadily increasing appreciation of the spirit of federation in its broadest sense. Best of all, a harmonious spirit, prevailing over all of unity, charity and loyalty, as we have pulled together for the strength and the good influence of our Alameda district."

Mrs. W. W. Green, stated regarding the recent international relations conference sponsored by the district, under the leadership of Mrs. Henry Francis Grady, that it was a most remarkable example of what can come of a simple beginning. She said, "I feel that it was the biggest and finest thing held in the state, and am very proud of that wonderful achievement."

The Cameramen's Rush

LANDING OF DUKE SCHILLER and Major Fitzmaurice was signal for start of mad air race with precious pictures. Photographer is shown climbing into his plane for start of long flight.

Mrs. Grady gave a report of the international relations conference, stating that 6,600 persons attended the institute, that communications from international sources show that the California institute, sponsored by Alameda district clubwomen, is the outstanding feature in citizenry of the year, and that it is possible that the Noble prize of citizenry will be given to California because of it. She called attention to the banquet to be given Monday evening at the University of California, when 30 Mexican educators from the University of Mexico will be guests.

The outstanding feature of the district convention yesterday afternoon was the address made by Mrs. W. A. Fitzgerald, past state president on the topic "Woman's effort toward international co-operation," dealing with politics in its bearing on international relationships. Mrs. Fitzgerald claimed that the woman who is not interested in politics is not interested in life or living itself. "To be intelligent you must be politically minded," she said. "A great many wars of the past and of the future as well, unless we become interested in the political side, have been wars of economic greed and economic selfishness."

Mrs. Fitzgerald pointed out that the two schools that are hindering progress are the pessimist who says, "Whatever is, is wrong," and the optimist who says "Whatever is, is right." She continued, "Whatever this country is today, it has been made possible by politicians and statesmen of the past and what it will be in years to come depends upon the school of politicians we produce."

Mrs. Fitzgerald offered a plea for clubwomen to be political minded, to "become worldly minded, to become a part of the world in which we live." She concluded: "I haven't any interest in emancipating half of the world, I want to emancipate the entire human race. I am not interested in a matriarchal system of government, I'm not for a woman's world; I'm for a man and woman's world. We know the new books, the new pictures, but how many of us are keeping on the economic situation in politics? O' you women, while you study the books of drama, why don't you study the drama of the world. Shall we not hold the torch high on international standing and appreciation, so that the great conflict of a few short years ago shall never be repeated?"

Rudolph Hatfield, attorney of the Eastbay, discussed the same topic from the educational and religious standpoint, expressed his hope for a standardization of marriage and divorce laws.

Rev. Thomas Oliver, addressed the clubwomen on "Leisure" and stated that the question of what to do with leisure hours was becoming a great problem of today. He deplored the use of the radio to cover up deficiencies in ability to make conservation.

Life Saving Campaign Plan Is Completed

Under the direction of Dr. J. W. Bumgarner, plan for life saving campaign which will be completed May 1 to 12 by the Richmond chapter, American Red Cross.

Registration for the various classes is being conducted at Plate, Vaughn and Main, the Marathon candy store at 905 Macdonald and at Red Cross headquarters.

Classes in elementary and advanced swimming will be held at the Natatorium, under the instruction of experienced Red Cross swimmers. Awards of pins and emblems are to be made to those having the required qualifications in attendance and swimming record at the close of the course.

Couple "Kidnaped" Local Minister

Armed with a marriage license issued in Alameda county, Herman Sparks, Oakland, Coast league hurler, and Miss Rebecca Parker, approached Rev. C. G. Lindquist of the Richmond Wesleyan Methodist church to get the knot tied. The license was invalid in this county, so the pair took the minister on a ride over the county line where the ceremony was performed.

AID FOR TRUCKS
Scales have been installed on the Franklin Canyon highway, in order to enforce the ordinance barring overloaded trucks from using the road.

A short play was given for the entertainment of the delegates by the dramatic section of the Adelphi club.

Routine reports will be continued throughout today, the main address of the afternoon being that of Mrs. W. W. Green, state president.

SPORTSMEN TO SHOW FILM ON FISH AND GAME

A six reel motion picture, depicting fish and game life will be shown to the general public on the night of May 9 at Brotherhood hall. It was determined last night at a meeting of the Sportsmen's club. There will also be a talk by Walter Welch, head of the volunteer game wardens of the state.

A whist party will be held in the near future, according to the plans laid last night.

L. J. Richards reported that he has a nice setting of quail eggs and pheasants. A. C. Coster, another member of the club, also is raising pheasants as a means of re-stocking the Moraga game reserve.

Cal. Freshman Is All-Round Athlete

BERKELEY, April 25.—The University of California has an athlete who appears to be a genuine one-man track, football and basketball team all by himself.

The marvel is George Watkins, a freshman registered from Oakland who entered the University at Christmas. This week he won the annual football punting contest for the Robert Roos trophy, making an average of 62 yards 2 feet and 2 inches for five kicks. Not content with making the best average Watkins also made the longest individual kick of the day, sending the oblate spheroid out 67 yards, 10 inches on his fourth punt. None of his punts were less than 56 yards, and three of them were over sixty yards.

Last year Watkins was one of the bright lights on the Olympic club football team, and prior to that was the best man in the backfield of the Oakland Technical high school eleven.

250 Delegates Are Pledged To Support Hoover

WASHINGTON, April 25.—As a result of victories in Ohio and Massachusetts yesterday, Secretary of Commerce Herbert Hoover now has 250 delegates pledged, committed or expressly favorable to him, according to careful tabulation completed today.

Ten states soon to hold primaries or conventions and in which the dominant sentiment is convincingly for Hoover will commit 200 additional delegates for him.

The total of 450 includes neither New York, in which 47 delegates are already claimed for Hoover's support, nor Pennsylvania in which the Hoover managers believe he will poll at least 60 votes. Their inclusion would definitely assure Hoover with 557 delegates with only 545 needed for the nomination.

The broad character of Hoover's triumphs in Ohio and Massachusetts made a tremendous impression upon the political mind of officials at Washington. His campaign managers told Universal Service on Saturday that they expected to win 20 delegates in Ohio and that they would be amply satisfied with that amount. Yet they have won at least 30 of the 51 delegates, capturing the 7 delegates-at-large in the state-wide tests of strength and won a preference vote of the Ohio people of 150,000.

County Builders To Attend State Meet At Stockton

A large delegation from the Contra Costa Builders Exchange will attend the sessions of the third quarterly conference of the state builders exchange which opens in Stockton tomorrow, according to L. C. Dexter, secretary.

The question of a uniform building code for all cities on the Pacific Coast will again be discussed. Other topics to be considered are industrial surveys, vocational education and organization of builders exchanges.

Tennis Club To Engage Concord

The Richmond Union high school tennis club will journey to Concord this afternoon to meet the high school club of that city in a second match. In the other contest the clubs broke even. Four singles and a double will be played.

On Friday the club will go to San Leandro, and on next Tuesday San Leandro will be entertained on the local courts.

U. C. ATHLETES TO SEEK HONOR ON EAST TRIP

BERKELEY, April 25.—With national and world titles as their goal, University of California athletes in four branches of the sport world are now, or will, travel eastward during the next two months.

Frank Ribbel, intercollegiate welterweight of the Pacific Coast for two consecutive years and captain of the Golden Bear boxing team, is today on his way to Boston for the elimination bouts of the American Olympic Games committee. Ribbel has fought and won 39 straight intercollegiate bouts without dropping one.

California's track team, which for three straight years in 1921-22-23 held the national intercollegiate title, will head for Cambridge and the Harvard Stadium about the middle of May, where the I. C. A. A. championships will be run out May 25-26.

On June 4 the great Bear crew which beat Washington on their own course last month to take the Pacific Coast intercollegiate title for the second year in succession, will leave for the Fogg-keepsie regatta. After the national rowing classic on the Hudson June 19, the Californians will go down to Philadelphia, where they will train for the Olympic trials on the Schuylkill on July 6. If successful at Philadelphia, Coach Ky Ebright's eight will be sent to Amsterdam as the representatives of the United States at the Olympic games.

Captain Dick Hoogs and Bud Hager are the two tennis players who have been picked to represent the university at the annual intercollegiate tennis tournament at the Merion Cricket club, near Philadelphia, in the latter part of June. They have a hard task before them in attempting to bring back to Berkeley the national title which California held in 1925 and 1926, only to drop last year to Stanford, their arch-rivals in sport.

Angel food cakes! easy to make

When grandmother made angel food cakes the recipes of her day were inaccurate. It took years to know her oven.

But today, when you accurately measure and mix ingredients, you believe your cakes should always be good. They will be, unless you're guessing at the oven temperature which is the chief cause of rubbery angel food cakes. They must be baked at 325 degrees.

All the modern gas ranges have the Oven Temperature Control. It keeps the oven at exactly the temperature for which it is set. You place the angel food cake in the oven, set the Control for 325 degrees and leave the kitchen for an hour. The monotony of watching the baking vanishes. Meats, pies, and even a whole meal can also be baked with the same ease and freedom.

LATEST MODEL OF CHRYSLER IS DISPLAYED

One of the most magnificent displays of fine motor cars ever held in Richmond will open today, when Walter P. Chrysler's latest 113 horsepower Imperial "80" models will be displayed by the Curry Motor Sales company, 1401 Macdonald avenue. The models are all custom built and have been brought here direct from the smart San Francisco and Los Angeles Automobile Salons, which attracted these motor car buyers who, can and do, demand the best motorism can produce, regardless of price.

These latest Imperial "80" creations are Chrysler's interpretation of "as fine as money can build." The models consist of the new Imperial "80" roadster, with rumble seat, custom body by Locke; the Touralette, which is a striking four passenger phaeton type body—custom body by Locke; the Town Sedan, termed by many as being the most beautiful car of the year, and the five passenger sedan which is also distinctive with its individual beauty. The two sedan models have custom built bodies by Chrysler.

The color schemes are particularly attractive and striking. They consist of two-tones of brown, jet black and cream, "Twilight Blue," "Tiffany Amethyst" and "Buckingham Grey."

Too much can not be said about the outstanding beauty of these cars. They proved to be one of the main attractions at both the San Francisco and Los Angeles Automobile Salons, where only motorism's elite were placed on display, and where prices ranged from \$3,000 to \$21,000.

CELEBRATION TO MARK START OF NEW S. P. FERRY SERVICE

(Continued from Page 1)

All leave Richmond simultaneously with one leaving the San Francisco side.

The Chamber of Commerce through its publicity committee will suggest to the Southern Pacific that it install radio equipment on each of the three ferries to provide entertainment during the day and evening.

Superintendent of Schools Walter T. Helms, a director of the chamber, assured the directors it would be possible to secure the high school band to play on the ferry boat and at the ferry building in San Francisco on Saturday, May 5, when the service is inaugurated.

Parr suggests that a big b.n.e. carrying the message "Travel via Richmond—the Scenic Route," be displayed in front of the ferry building.

Legion Will Hold Dance Program

The Richmond Post of the American Legion and the auxiliary will hold a dance and entertainment in Memorial hall tonight. Preparations for the event have been completed. Dennis Shaw's orchestra will provide music for the dancing. The committee in charge of the event is headed by J. J. Barry. All Legionnaires, their ladies and members of the auxiliary have been urged to attend.

will be seven stores on the avenue, and each one of the stores will enter into the market in the rear.

The rear portion of the building will be fitted up in stalls, and rents will be as low as \$25 per month.

Steve Barbikas, the manager of Barbikas Brothers, announced last evening that he would give the preference to tenants who are now in Richmond or in the county, and that the building would be remodeled to suit the tenants.

As soon as the tenants have been secured the plans and specifications for the work, which were turned over to Barbikas yesterday will be placed in the hands of the contractors for their estimates. As soon as the contracts are awarded, the work will be rushed to completion at the earliest possible moment, and then the market will be thrown open to the public.

Arrangements will be made so that Richmond producers can take any of their products to the market and have them placed on sale on a commission basis.

One of the novel features of the market will be that one per cent of the gross sales of the different tenants will go into fund, and when it reaches a sufficient amount, it will be invested in a house and lot, and given away to the patrons of the establishment.

In the market, when it is completed, there will be a butcher shop, a grocery store, a restaurant, barber shop, shoe store, fruit store, delicatessen, poultry and fish, bakery, wholesale confectionery, wholesale cigars, candy factory, imported goods, dried fruits and cookies, luggage shop, men's clothing, market produce, sample room, bazaar room, butter, eggs and cheese, florists store, drug store, stationary store, real estate and pawn shop, and two extra spaces.

It is the idea of the backers to make this a centralized market where the people of the city can go and do their entire shopping. The plans are now in the hands of Barbikas Brothers and can be seen at the Richmond hotel at 1214 Macdonald avenue. Prospective tenants can make arrangements at this time for space in the new market.

CONCRETE DAM TO BE BUILT BY POWER CO.

Pacific Gas and Electric company has filed with the Federal Power commission application for further water and power development on the Mokelumne river.

The company now proposes to erect a rock-filled dam, with a concrete face, approximately 300 feet in height, 800 feet thick at the base and 25 feet wide at the top. The crest or top length will be 1300 feet.

It will be located on the upper Mokelumne, 50 miles northeast of Jackson, at a site 3650 feet above sea level. Through the erection of this dam it will be possible to store 130,000 acre feet of water.

The application further calls for:

The erection of the Salt Springs power house at the base of the dam, which will have an installed capacity of 11,000 horsepower.

The construction of a concrete-lined canal and tunnels for the conveying of water from Salt Springs to a proposed regulating reservoir on Tiger Creek.

The erection of a forebay on Tiger Creek from where water will be dropped approximately 1200 feet through penstocks in the proposed Tiger Creek Power House, which will have an installed capacity of 67,000 horsepower.

The construction of a 110,000 volt power line from Salt Springs power house to the Tiger Creek power house.

QUARRY EXPANDS

In order to extend its quarry, the Hutchinson company has purchased vacant lots in the vicinity of the quarry at El Cerrito, according to deeds on file in Martinez. The lots were bought from J. J. Moran, A. L. Paulsen, D. L. Anderson and Elsie Laird.
